**APPROVAL OF AGENDA:**

The agenda was approved as presented

**APPROVAL OF MINUTES:**

November meeting minutes were approved as submitted

**PRESENTATION**

- Jay Hilliard, with Revere Gas, discussed TracPipe® and FlashShield®, two types of CSST. Both are designed to provide greater protection from electrical (lightning) damage than yellow CSST.
- TracPipe® is UL listed for 1, 2, and 4 hour through penetration of fire stop systems without removal of the conductive jacket.
- All gas fireplaces are required to have screens on them, to prevent accidental contact of hot components after the unit is turned off.

**OLD BUSINESS:**

- Work is progressing on obtaining training from DHCD on the Rehab Code

**NEW BUSINESS:**

- Code change proposals to the IRC are due by January 11, 2016. They may be submitted through ICC-CDP Access. If you need help submitting the change, contact Richard Bartell or Mike Eutsey in Hanover County.

**COMMITTEE REPORTS:**

- Region Chairs meeting is 12-18-15
- Property Maintenance November meeting discussed 1) plumbing cross-connection issues, 2) purple pipe for gray water, 3) standard yard hydrants are not approved to prevent cross contamination.
